Section One—8 Pages

Town Council Elects Slate

LAC LA BICHE—A meeting of the town council held on October 12, opened with the reading of the minutes of the previous meeting. Officers elected were: Mayor, M. Lebas; secretary-treasurer, T. B. Cummings. Other members are L. Badry, Roy Raines, E. Tkachuk, M. Maccagno, Mr. Perron and Mr. MacMillan.

There was considerable discussion about obtaining firemen's equipment, and the council decided they might meet the fire brigade half way in defraying the expense of such equipment.

Much discussion was held on the subject of such rates for sewage for business places, the inspectors report was read and approved of by the council members, and the meeting was then adjourned.

Mrs. Switzer returned from a week long holiday in Saskatchewan where she visited friends. She went to Unity during the trip.

Two Injured In Collision

COLINTON. — A three-vehicle collision occurred last weekend on the west hill road connecting to the new highway. A late model car owned and driven by Norman Hoff was in collision with a car driven by L. Pacquette. A light delivery truck later smashed into the back of the Pacquette car, when the driver of the truck failed to notice the vehicles on the road.

Two people were injured and taken to Athabasca Hospital. The cars are badly wrecked. RCMP investigated.

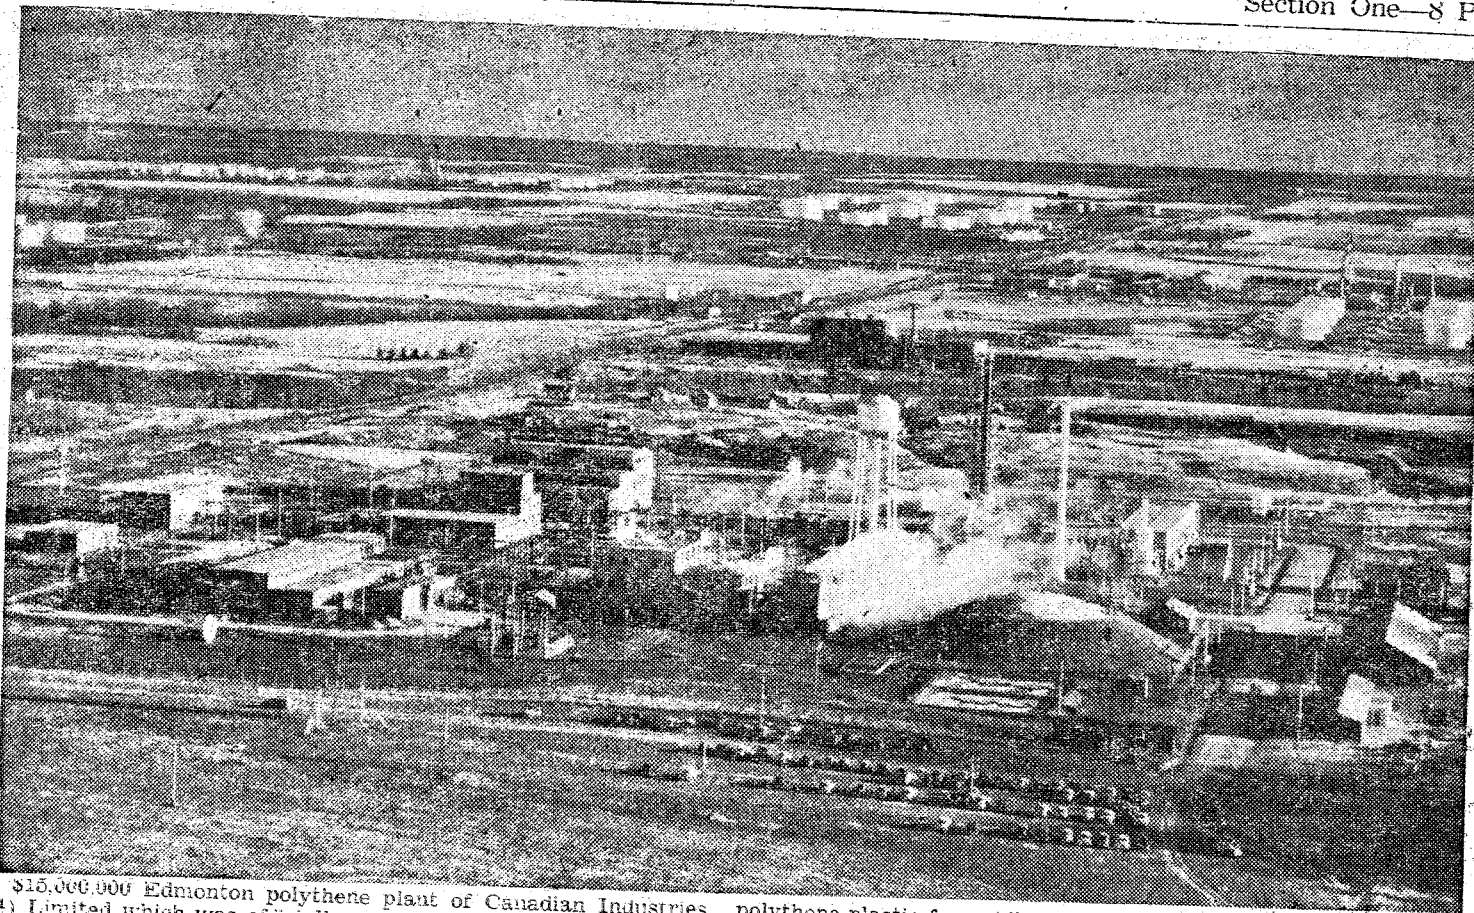

Family Gathering Lac La Biche

A family gathering was held over the Thanksgiving week-end at the home of Mrs. Olive Auger on the occasion of the return of son, Clifford Auger, who had been in the north for six months. Mr. and Mrs. Douglas Anderson of Edmonton were guests as was also her daughter Vina.

Clifford Auger spent a holiday in Edmonton.

Mrs. John Huppel spent a few days in the city.

In 1953 Canadians bought from other countries \$210 million worth of goods more than they sold to other countries; in the first four months of this year foreign purchases exceeded foreign sales by \$117 million.

THE \$15,000,000 Edmonton polythene plant of Canadian Industries (1954) Limited which was officially opened by Premier E. C. Manning of Alberta on Thursday, Oct. 14. The plant produces versatile

polythene plastic from Alberta natural gas using some of the highest pressures known to man—exceeding 20,000 pounds per square inch.

Mother Leaves Baby Girl Alone; Is Rescued From Burning House

EDMONTON (BUP). — A baby girl, alone in a burning house at 943 100A Street, was rescued last Friday by neighbors.

Mrs. Nick Luciw (of 9425 100A Street) and Mrs. Stanley Hill (of 9418 100A Street, was rescued last flames shooting from the house. They heard a baby crying. The

doors were locked, so they smashed a window in one-year-old Linda Templeman's room and carried her to safety.

Mrs. Luciw said the house was filled with smoke, and the child was near to collapse when she was found in her crib. But Mrs. Luciw spanked the child to make her cry, and it is believed that she is not seriously injured.

The child's mother, Mrs. Wesley Templeman, returned from a nearby store to find firemen fighting the flames.

Frains

Congratulations to Mr. and Mrs. Sam Chopoidal on the birth of a baby daughter.

Mr. and Mrs. Albert Plachner from the city visited at home. They also brought Mrs. Pfau home from the hospital.

The following Edmontonians were home for the long week-end: Misses Ann, Helen Edna Holowenko, Miss Vicky Kolach and Lawrence Nahorney and Miss Mabel Hussynec.

Mrs. Alexander Sawchuk and Harry Budney were in the city recently.

Steve Yurochko is a patient in the Lac la Biche hospital.

Many people attended the funeral of Mrs. Waselanchuk of Noral.

Joe Kuzik is a patient in Lac la Biche hospital.

Survives 1,200 Powerline Volts

EDMONTON (BUP). — An Edmonton radio technician is back at work after touching a 1200-volt power line.

The accident occurred while Karl Bach was working at the Northwest Industries plant. He was rushed to hospital with shock.

Bach says he feels "Okay," and the only after effects was a slight tingling sensation in his arm.

Tofield Farmer Killed

TOFIELD, Alta. (BUP). — A farmer in the Tofield district of Alberta was killed last Tuesday while he was working on a piece of farm machinery.

Police said 26-year-old John P. Wall was apparently replacing a hydraulic piston in the machine when the body fell and pinned him to the frame.

Alberta Hog Quality Declines

CALGARY (BUP). — A Government agricultural official says the quality of hogs raised in Alberta has declined to such a degree that a large percentage are now low grade.

The spokesman said at a conference in Calgary that the decline in

Cartridge Explodes Wounds Man In Head

EDMONTON. — A bowling-alley employee was wounded in the head when he began stuffing garbage in an incinerator containing self-loading cartridge casings abandoned by a hardware store.

William Zukowsky, reported in satisfactory condition in hospital, was said by police to have been wounded when a percussion cap of a discarded cartridge exploded, striking him in the forehead.

quality can be largely attributed to indifferent breeding.

Many farmers have been fattening hogs for market instead of growing them out, according to the official, and the result is the spread of an inferior brand of swine throughout the province.

The official says careless feeding also accounts for some of the drop in quality.

Eight Years For Clothing Thefts

EDMONTON (BUP). — Four youths were found guilty in the Supreme Court in Edmonton of stealing \$10,000 worth of clothing from College Clothes (Alberta) on Jasper Avenue.

Lloyd Schier was sentenced to eight years—three years on each of two charges of stealing a truck, and five years on a charge of breaking, entry and theft.

For being an accessory in the theft of a truck, William Olsen was given two years in the penitentiary with an additional three years for breaking, entry and theft.

Melvin Clayton received six years sentence—three years on each of two charges of car theft and three years on a charge of breaking, entry and theft.

The fourth youth, Gerry Bentley, was found guilty of the theft of a truck and a charge of breaking, entry and theft.

The guilty verdict came at the conclusion of a two-day trial before Justice Wilson.

Egg Lake

Recent visitors at the home of
Mr. and Mrs. Edmond Pare, were
Norman Chambers, Mrs. George
Burdock and two children of Grass-
land, and a niece from Harrow
Lake.

Miss Cecile Pare underwent an
operation in Lac la Biche Hospital
recently, and is home feeling quite
well.

Andre Pare, young son of Ernest
Pare, has been in Lac la Biche hos-
pital, but is now back home.

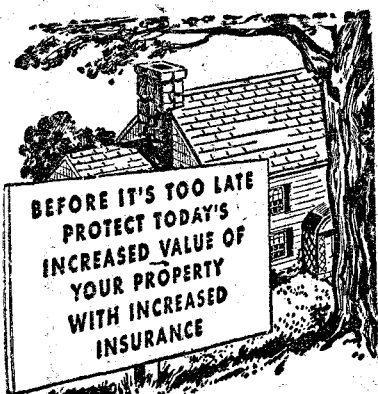

John Bouvier, son of Frank Bou-
vier, is home for a visit. He works
in the N.W.T.

Mr. and Mrs. Lucien Pare went to
Shoal Creek for a weekend to
visit Mrs. Pare's sister.

Mr. and Mrs. H. M. Olson were
happy to welcome their daughter
Mae and son-in-law John P. Col-
lins and their two children, little
Johnny and baby Linda Lee, for
the Thanksgiving week-end. They
motored from Edmonton.

Threshing is started almost
everywhere, although most farm-
ers have not been able to cut all
their grain. They cannot get in
the field with the machinery. The
recent heavy snow is all gone but
has done much damage.

Mr. and Mrs. Olson also receiv-
ed the visit of Mr. Olson's cousins
from Meanook. They were Mr. and
Mrs. Arthur Hopps and daughter
Vivian.

GRASSLAND

Treasury Branch

EDMONTON (BUP). — The Ed-
monton Building Department has
issued a permit for the new Treas-
ury Branch Office to be built in
the city (at 9954 Jasper Avenue).

The new branch will replace one
that was demolished recently. It
will cost more than \$350,000, and
be a two-storey masonry and re-
inforced concrete structure.

A permit has also been issued for
a new office building for the Office
Specialty Manufacturing Co. to be
built at 10159 103rd Street, at a
cost of \$131,000.

Caslan

Mr. and Mrs. R. Raitt were re-
cent visitors in the city.

Mr. and Mrs. A. Cherniwchan
were in Edmonton to visit their
daughter.

A picture show was shown at
the Caslan school last Monday
evening.

Bill Mike and Peter Patrick of
Edmonton were in Caslan over a
recent week-end.

Steve Cherniwchan worked on
the railroad at Caslan while Mr.
S. Lukasuk had his holidays.

Mrs. Waselenchuk Sr. who was
a resident in the district for many

years passed away recently. In-
terment took place at the South
Noral cemetery. Sympathy is
extended to the family.

Clayton Henson has received
word that his mother is very ill
in British Columbia.

Rich Lake

School attendance has been ir-
regular this fall owing to the
state of the roads.

Our teaching staff consists of
P. Mulyk A. Salabrub, Miss A.
Maker and Miss D. Sunderman.

Holiday visitors from the city
were Mr. and Mrs. D. Skakum
and family at the home of Mr.
and Mrs. J. Hogtyett.

Mr. and Mrs. G. Phillips and
family Mrs. R. Johnson and fam-
ily and also Mr. and Mrs. Floren
and daughter Joan from Weyburn,
Sask., were guests at the home
of E. Mackie.

GOOD SEED IS VALUABLE

An estimated ninety-five per cent, if not more, of
the oats in the greater Athabasca District are frozen
and will not make seed. This will create a difficult
situation in the spring unless the farmers who have
sound oats in their bins from previous crops hold it to
make seed for next year. Farmers having old stocks
of grain, not only oats, but grain that will make seed,
wheat and barley, are advised to clean some of it thor-
oughly and send a one-pound sample to Plant Products
Division, Dominion Department of Agriculture, Cal-
gary for a Germination and Seed Grade Certificate,
because no Seed may be advertised for sale and no grain
may be advertised for Seed unless covered by a Seed
Grade Certificate. The grains should not be sent be-
fore thoroughly cleaned because the percentage of
weeds and cracked seed would be unduly high and the
high vitality percentage of the seed would be too low.

Very shortly a "Seed Questionnaire" will be sent
to all farmers in the M.D. of Athabasca. Please com-
plete the Questionnaire and return to

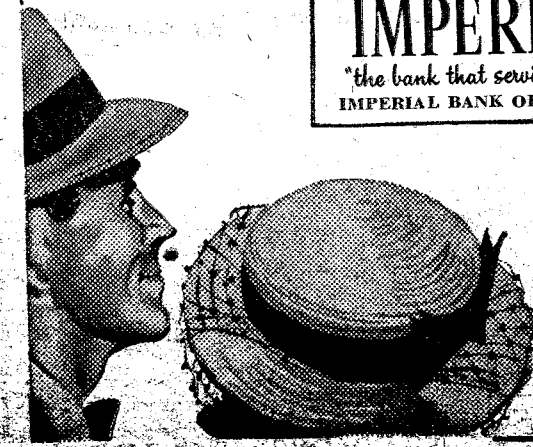

H. ARMFELT, Field Supervisor,
Agricultural Service Board,
M.D. of Athabasca No. 103,
Athabasca, Alberta.

COLORFUL EVENTS MARK PROGRAM CITY'S GOLDEN ANNIVERSARY

By M. L. McGREGOR

Edmonton, now in the world's spotlight as the centre of the most impressive industrial expansion on the North-west continent, marked its Golden Anniversary with an extensive celebration Friday, Oct. 8.

The celebration began at 1 p.m. with a school and business civic half holiday. The transit system provided free rides from 1 p.m. until midnight. Parking meters also provided the equivalent of free rides for motorists.

The utilities held open-house and displays and demonstrations were given by the power plant, E.T.S., telephone department and fire halls.

Bicycles, motorcycles and other contests were staged at Kingsway. Football and rugby games, a swim gala and giant square dance jamboree were part of the program.

The half hour dedication ceremony of the site of the new city hall by Mayor Hawrelak was one of the main events of the day, and was witnessed by some 2000 persons. The dedication took place in the park at 103 Ave. and 100 St. After dedicating the site Mayor Hawrelak stepped from the platform and planted the tree, wielding a gold painted and red-ribboned shovel.

Special guests at the dedication included the lieutenant governor; Mr. Gerhart; Hon. George Prudham, federal member from Edmonton West, who is minister of mines and technical surveys; Mrs. Jean Miller, daughter of K. W. MacKenzie who was Edmonton's first city mayor; Dr. E. J. Thompson; president of the Edmonton Council of Churches who performed the invocation and benediction;

Hon. J. J. McCann, federal revenue minister, and Max C. Dewar, city hall architect. The Edmonton Schoolboys' Band played for the ceremony.

A colorful two hour presentation of Edmonton's development "Who Builds a City" and written by Elsie Park Gowan, was depicted in pagant form in the Gardens, Friday, Saturday and Sunday.

Colinton

Congratulations to Granny Lewis of Athabasca on the occasion of her 82nd birthday. A family reunion was held at the home of her daughter Hazel to mark the occasion.

Mrs. Sarah Jones is a patient in the Athabasca hospital.

Warm, dry weather prevailed over the Thanksgiving weekend and many people took advantage for a last long holiday before winter sets in. Among those visiting Colinton and district were Mr. and Mrs. Mike Talpash and daughter Shirley at the Sam Talpash's and at Bill Pearson's; Mrs. Baxter and son Bill at Granny Talpash's; Pete McMillan at Hugh Jones'; Mrs. Gordon Mitchell and three children, also at the Sam Talpash home.

Hens on Canadian farms averaged 186 eggs each last year, six more than in 1952.

Baptiste Lake

Rev. T. Thomas conducted the Thanksgiving service in the Winding Trail United Church on Oct. 10. The church had been nicely decorated by the ladies of the congregation.

Dr. and Mrs. W. H. Swift with daughter, Marilyn, and son, Jim, spent the weekend at their cottage on the lake.

Ted Appleby spent the Thanksgiving holiday at home. He is employed on a survey crew in the Drayton Valley oil field.

Mrs. A. Smith paid a visit to her home at the lake last week.

Greenlay Brothers have been doing some bulldozing work for the municipality in the district, straightening the approaches to the new bridge on the Winding Trail creek.

There have been a number of duck hunters in the district but ducks have been hard to find.

\$300,000 To Make Edmonton Milk Plant "Fine As Any"

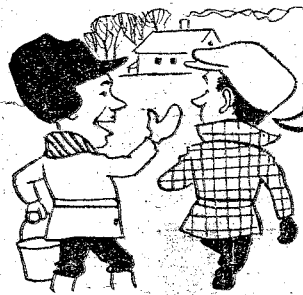

EDMONTON (BUP) — The Edmonton City Dairy has started a \$300,000 program to improve its milk plant.

E. G. Silverwood of London, Ont., president of Silverwood Dairies Limited, made the announcement in Edmonton last week.

Silverwood, who is on a western

tour, said new equipment being installed in the milk plant will give it a capacity of 35,000 pounds of milk per hour, and improvements to the ice cream plant, will make the Edmonton plant "as fine as any in our organization."

When improvements are completed, an official opening is planned for both plants.

CHAS. LEBAS

Says...

"A HAPPY PAPPY IS A CHAPPY WHO'S LUCKY ENOUGH TO LIVE IN A HOME THAT'S OIL HEATED."

There's extra comfort... for working... or for relaxation after a day's work is done... ashes are just a memory in a home that's oil heated. Every nook and corner can be kept "hospital" clean.

We carry top quality Esso heating oils for space heaters, floor furnaces, oil burners, hot water heaters, stoves, stock trough heaters or chicken brooders. They're tops for economy and delivery is free.

So if you want to be a Happy Pappy get your fuel tank filled well ahead of time.

MODERN CFRN-TV STATION HOUSES LATEST EQUIPMENT

When studios and offices are completed, CFRN-TV will operate from one of the most up-to-date television buildings in Canada. The large studio will be used for live telecasts. Originating from here will be the cooking shows, the interviews with local and nationally known personalities, and shows by musical and other groups.

The main studio is 49 by 40 feet with an additional area, to be used at present for storage, of 23 by 40 feet, which may later be turned over for production of programs.

Floors of the studio are cement and great care in laying and finishing the cement floors must be taken in order to keep the studio television camera, moving absolutely smoothly during the telecasting of a show.

Ceilings in the studio are 19 feet high to allow for the changing around of lights for lighting scenes, for handling special props from overhead and to allow greater circulation of air. Heat generated by the lights, can cause great discomfort to the announcers and actors, unless proper circulation of air and air-conditioning keeps the studios cool.

In one corner of the studio will be the modern housewife's dream. A completely outfitted kitchen, perfectly planned, with every type of modern convenience and equipment installed. This will be used for the cooking programs, where complete demonstrations from the beginning of making a recipe, to the finished product, will be demonstrated.

In another location in the main studio will be CFRN-TV's living room, here in the most unique and modern setting, commentators will interview the guests. Viewers will have the added attraction of an informal chat with the personalities in this casual and friendly setting.

Throughout the televising of a show, audio operators will be busy keeping the boom mikes within range of the actors' voices, and out of range of the television cameras. Lighting engineers and prop men will add to the beehive of activity. But to the viewer, only the "on screen" activity will be apparent.

Slightly raised above the floor of the studios, and through the large glass partition, the producer and operators will control special effects and timing of the program. The control room and telecine room is 49 by 22 feet. In the front of the control room, facing out onto the main studio, is the control panel and monitor unit as well as the "on the air" monitor, and turn-ble for sound. From the control console the operator can switch to studio camera, slide projector, balopticon, or film projector, all are wired through to the console. Before a switch is made from one unit to the next, such as from studio camera to slides, the operator previews the up-coming picture on the monitor, and then switches this to "on the air," when the time comes. A monitor is a smaller, clearer, television screen, similar to the screen television viewers watch in their own homes.

The telecine portion of the control room contains the two 16 mm television film projectors, the slide projector, and the balopticon. These units are all focused into a simple type of television camera tube. Through the means of mirrors set on various angles, the beam from each unit strikes a mirror, and travels directly into the vidicon tube of the camera.

Across the back wall of the control and telecine room, is the large transmitter panel. Here the video, audio, and the mixer units are installed.

Along the west side of the building, the offices and dressing rooms, line a central hall. In the basement of the building are the art department, film editing, and storage rooms, and the darkroom, for the photography department.

Huge double doors on the east side of the main studio, will admit anything from the largest of trucks and cars to set flats. Cars shown on television commercials, used by the Pye studio camera, will be driven directly on to the floor of the main studio, and tele-

Paxson

A whist drive was held at the home of Mr. and Mrs. Bill Cutrell, where Mr. and Mrs. Art Hansen won the two first prizes. Mrs. Hansen won a cake plate and Mr. Hansen a large package of cigarettes. The consolation prizes went to Mrs. Crisfield and Mr. E. Wilson. Proceeds are for the Anglican Church.

The local school board had a meeting last week to purchase a few minor articles that were needed and to discuss the possibilities of electricity for the school and teacherage.

Mrs. Hill's brother was visiting her over the weekend.

Mrs. H. Madsen's brother and family visited her for Thanksgiving from Edmonton.

Mrs. Groves' daughter and family, Mr. and Mrs. Noldt, were visiting from Edmonton.

Art Hansen's sister and family motored out from Edmonton to visit them and to get a few wild ducks.

Edwin Weymouth was home on a two day leave from the army. He is stationed at Calgary.

Threshing is general throughout the district now, with many high school boys staying home to help.

The average capacity of a box car in use on Canadian railways is over 44 tons.

Willow Ridge

Mr. and Mrs. R. Shopland and sons and Mrs. W. Heatherington and daughters, of Edmonton, were guests of Mr. and Mrs. S. Spiers for the Thanksgiving weekend.

Mr. and Mrs. R. Smith and family had as guests Mr. and Mrs. S. Williams and Dave and Mr. and Mrs. Jackson and family of Edmonton for Thanksgiving.

Don Kennett of Banff recently spent a few days visiting at the home of Mr. and Mrs. R. S. Benham.

Alex. McGowan of Edmonton was the guest of Mr. and Mrs. W. Gerun recently.

Miss Betty Howard of Edmonton visited her parents, Mr. and Mrs. A. Howard over the long weekend.

Harvesting in this district is progressing very slowly, due to fallen twisted grain and numerous mud holes and low places. If a farmer has a dry enough spot in his field to permit combining a few hours without getting stuck, he is fortunate indeed.

Perryvale

Mr. and Mrs. P. Ward had as visitors over the Thanksgiving their daughters, Beatrice and Sylvia, also Miss Doreen Jones and A. Visiteu, all of Edmonton.

Mr. and Mrs. J. Clark had as their guests their daughter Joyce and Miss Doris Ashworth of Edmonton.

The regular dance will be held on Friday, Oct. 29, with the Northern Ramblers Orchestra supplying the music.

The Home and School executive met Oct. 27 to draw up plans for the 1954-55 season.

George Godel, DA, Guest Speaker At Meeting

Colinton Board of Trade held its regular monthly meeting last Tuesday with a fair representation in attendance. President W. R. Flack opened the meeting at 8.30. There was little new business on the agenda and the business part of the meeting was quickly disposed of.

George Godel, district agriculturist, was guest speaker. Mr. Godel gave a very interesting and enlightening talk on the formation of calf clubs, 4-H clubs and other clubs of similar nature.

The Board of Trade are interested in sponsoring some such club in the district. Anyone interested in such a project should contact a member of the Board.

Boyle

Visitors to Boyle over Thanksgiving week-end were Mr. and Mrs. Plump at Mr. and Mrs. Paterson's, Mr. and Mrs. Wm. Curtis and Patsy MacNamara at home. Mr. and Mrs. C. Roberts at Mr. and Mrs. F. Thompson's. Mr. Roberts spent some time goose hunting and his luck was extremely good.

It was stated in last week's papers that Mrs. Charles Mellatt had gone to Prince George. However, due to son Bobbie's sudden illness, her trip had to be postponed.

Mr. and Mrs. Alex Semeniuk at Mr. and Mrs. Wm. Semeniuk's. Buddy Kushnir at home. Buddy is now attending high school in Edmonton. Mr. and Mrs. Wm. Thompson at Mr. and Mrs. F. Thompson's. Miss Eileen Birk at Mr. and Mrs. John McNamara's. Mrs. James MacNamara Sr. is holidaying at the coast.

Mr. and Mrs. Peter Andruski are proud to announce the arrival of Sharyn Lee Ann at the Athabasca hospital on Oct. 9.

Mrs. Fred Pickford and Larry motored to Grande Prairie over the long week-end. Most of the time was spent with Mrs. Pickford's sister, Mrs. Humell.

Fred Brooks is in the Lac la Biche hospital.

Mrs. A. Young is home from the hospital and getting along fine.

Frank Thompson spent two days in the city on business.

Each day brings Frank Ball, Cyril Adams and Laurence Bortin nearer completion of P. C. Andruski's new garage.

Al Wagner is busy digging out old culverts in the town and replacing them with new ones. He is also putting new culverts in where needed.

He is also putting new culverts in where needed.

The Newbrook gang is working at the new post office. That too, will soon be finished.

Mr. and Mrs. J. L. Andruski spent two days in Edmonton attending Mrs. Andruski's sister's wedding.

Bruce McKay is now employed in the Imperial Bank here.

A. Stromberg has built a new home for Mr. Lund and family and has almost finished construction. Mr. Whitney's home at Donatville.

A new home is also under construction for Mr. and Mrs. Frank Varga. Frank works in the bank here, and was recently married to Sophie Kochan of Donatville.

Nick Mandrusiah, who now resides in Edmonton, spent this week in Boyle and district on business.

Bill Minns

Passes Away

Bill Minns, old-timer of the South Athabasca district passed away in his sleep at his home last Monday morning. Mr. Minns, who was in farming operations with his brother Bryce, was well known in farming circles.

He leaves to mourn his loss, his loving wife, Hazel, three children and his father. Funeral services were from the South Athabasca Anglican Church on Wednesday. Archdeacon Humphries officiated, and interment was in the South Athabasca cemetery.

You've probably seen all thirteen beautiful Chevrolet models for '54 but have you yet treated yourself to a drive in this great car? If you haven't you only know half the story, because Chevrolet beauty is just the beginning... there's Chevrolet performance and Chevrolet comfort to learn about, and the best way to learn is right at the wheel of a Chevrolet. You and your wife come in and take a "Prove to Yourself Drive"—in this finest of all Chevrolets soon!

Saving money... and writing cheques

A bank offers you two types of deposit account, Savings and Current.

If your main purpose is to save, to accumulate funds, it's good to have a Savings account.

If you write cheques frequently, you will like the many advantages of a Current account.

The money you leave in a Savings account earns interest, and your bank book gives you an up-to-date, continuing record of your financial progress. If your funds are active, with frequent deposits and withdrawals, a Current account provides a special service; a monthly statement, together with your cancelled cheques—useful as receipts and a ready reference for budgeting, bookkeeping and other purposes.

Will Produce Plastic From Natural Gas

EDMONTON, Oct. 14—The \$15,000,000 Edmonton polythene plant of Canadian Industries (1954) Limited was officially opened this morning by Hon. E. C. Manning, Premier of Alberta, at a ceremony attended by His Honor J. J. Bowen, Lieutenant-Governor of Alberta, and representatives of the federal and provincial governments, the city of Edmonton, the municipal district of Strathcona, and of education and business.

Representing Canadian Industries (1954) Limited was H. G. Littler, manager of the company's plastics department, and S. T. Jones, Edmonton plant manager.

The ceremony consisted of the cutting by the Premier of a symbolic ribbon made of polythene draped across the main entrance of the plant, and was followed by a tour of the plant by the official party. Afterwards a reception and luncheon were held at the MacDonald Hotel, and the gathering was addressed by Mr. Manning.

The polythene plant, construction of which was started by the Poole Construction Co. of Edmonton in early 1952, was completed by the end of 1953, and is the first plant in Canada to manufacture this versatile plastic, which was discovered in England in 1933 and came into prominence during the last war as an important defence material. Manufactured here by the polymerization of ethylene derived from the ethane in Alberta natural gas, polythene is also made in Great Britain and in the United States, and has attained world-wide importance as an industrial material. It is used in the manufacture of pipe, wire and cable insulation, containers, transparent film, "squeezeable" bottles, toys, and many other applications. World production has increased at a phenomenal rate since the end of the war and, in the United States alone, the present productive capacity is 75,000 tons a year. Canadian consumption is expected to hit 12,500 tons by 1957.

The forerunner in Canada of a new branch of the chemical industry, polythene manufacture is a difficult industrial process and involves some of the highest pressures known to have been used industrially — about 14 tons per square inch. A secondary industry based on Alberta's oil and gas production, the plant is a contribution to the diversification of the province's economy.

Consisting of 14 main buildings and a considerable quantity of uncovered equipment occupying more than 40 acres of a 300-acre property, the C-L polythene plant employs 250 people who, because of the special skills involved, are paid on a scale about 35 per cent. higher than the average for the Canadian manufacturing industry. Operation of the plant involves an annual expenditure in Alberta alone of well over \$2,000,000 for materials, wages and services.

Lake Winnipeg is larger than Lake Ontario and almost equals Lake Erie in area.

Wheat Board Will Sell All This Year's Crop

WINNIPEG (BUP).—The Canadian Wheat Board says it is looking forward to a "satisfactory" year in the sale of wheat, oats and barley, and that it appears likely it will be able to take a lot of farm-stored grain off the farmers' hands.

A statement issued by the Board says it is hoped to take delivery within the 1954-55 crop year of grain equivalent in quantity to the current year's harvest plus a substantial portion of the old crop carryover.

The Board says there's a substantial current demand for both oats and barley, and that the prospects are that this demand will continue.

Poor Weather But Good Tourist Trade

EDMONTON (BUP).—The Canadian Rockies Tourist Association says most areas of the province have had a relatively successful tourist season despite poor weather.

The association says that reports from Banff indicate more cars but fewer tourists went through the national park gates. From April to August 446,747 tourists went through the gates compared to 453,971 in the same five months last year. But vehicle registration was up by about 1,500.

The Tourist Information Bureau in Calgary says more than 14,000 persons sought information during the season compared to about 12,000 last year.

Highway Signs Mark Special Points Of Interest

EDMONTON (BUP).—The Alberta Economic Affairs Department has almost completed this year's program of erecting highway signs to mark places of interest in the province.

The signs have been put up at Calgary, marking the Edmonton trail; at Drumheller, Fort Saskatchewan and Taber for their industries; at Spring Coulee to mark the St. Mary's dam and at Cardston to commemorate the arrival of the Mormon settlers.

Still to be erected are signs at Wetaskiwin calling attention to the town's industries, and at Edmonton marking the Calgary trail.

New Steel Plant To Produce 30,000 Tons Per Year

EDMONTON (BUP).—Edmonton will be the site of a new steel mill able to produce 30,000 tons of steel a year when it first gets underway.

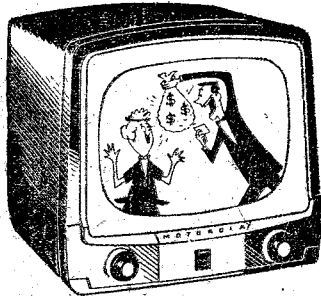

An announcement made in Edmonton last week says the new plant will be backed by a group including United North Atlantic Securities Limited of Montreal and Alberta businessmen.

Plans are reported well advanced for the mill, which will melt and refine steel scrap in an electric furnace. When it is in production, the plant is expected to provide jobs for 100 persons.

News From Other Alberta Towns

TWO KILLED, 7 INJURED AS CAR, TRUCK COLLIDE

RYCROFT.—Two young men and head injuries, both of Spirit River. The nine were taken by passing motorists to hospital in Spirit River, where Bilachuk and Bondar died shortly afterwards.

Accident Victim In Hospital

DONNELLY.—Mr. and Mrs. George Sarvant were the victims of an accident last Tuesday at the crossroads near the school.

Mrs. Sarvant was thrown from the car onto the highway, and was unconscious when taken to the McLennan hospital and is suffering from shock and bruises. Mr. Sarvant was badly shaken up.

Damages to the car were extensive.

Price Down But Market Open On Grass Seed

FALHER.—J. A. Choquette, local superintendent for Alberta Seed Growers, says some good yields are reported in the district this fall on all clovers but alfalfa and Red Fescue is not so good. Prices being paid this year are down but producers can market all they have to deliver, although congestion could develop.

Mr. Choquette has been an auctioneer here since 1944. Formerly he was a grain buyer.

Student's Union Elects Executive

The new Hairy Hill High School Students' Union have organized for the fall term. The following executive was elected: President, Sandy Lutic; vice-president, Ronald Tkachuk; secretary-treasurer, Jim Brownlee; Seer editors, Eugene Corry and Joyce Ewanchuk.

The Students' Union consists of 65 members from grades 9-12.

Plans are being made for a Harvest Dance on November 5 and a Sadie Hawkins Dance on Nov. 19.

Dressmaking Craft Learned In Quebec

Mrs. L. Doyle, who recently opened a dressmaker's shop in Falher took her training in Quebec Province. She has been an experienced dressmaker for many years, and says she's kept busy in her little shop opposite the Adanac Hotel. Mrs. Doyle stocks yard goods, sewing needs and has a complete set of supplies for the home dressmaker.

Joyce Helmer Guest at Shower

RUMSEY.—A bridal shower was held on October 2, in honor of Miss Joyce Helmer, bride-elect for October. Mrs. A. Hatt and Mrs. E. Bigley sang "I Love You Best of All."

The presentation was made by Mrs. E. Bagley, Betty and Donna Hatt assisted the bride in opening the gifts after which a delicious lunch was served.

60 Women Train For Civil Defence

WILLINGDON.—Mrs. H. R. Savage has returned from Arnprior, Ont., where she attended the first all women course in Civil Defense.

Sixty women were trained there to act as self-help teams covering all phases of Civil Defense. Teams were trained in fire-fighting, rescue and first aid, radiation monitoring and emergency feeding.

Instructors at Arnprior stated that this course had shown that there was no phase of Civil Defense work that could not be done by women, and that women definitely had a place in Civil Defense.

Andrew Observes Fire Prevention

ANDREW.—Every citizen of this town has undertaken some responsibility to prevent possible fires.

Reviewing the good record of the past year, Mayor A. G. Polomarek called on his townsmen to strive for a further improvement.

"We had two small fires last year," he said, "I hope it will be possible for me to say next year, at this time, that we haven't had a single fire."

He informed the citizens that all business premises and many of the residential places would be inspected by Fire Chief A. C. Kopp and Constable S. Bidniak.

In closing A. G. Polomarek paid tribute to Fire Chief A. C. Kopp and to the members of the Volunteer Fire Brigade, for the good work they have been doing.

Fire Chief A. C. Kopp supervised a fire drill in Andrew school which has a student population of 767.

Cave-in Aid Not Planned

EDMONTON.—Lands Minister Casey of Alberta said last week the provincial government has not yet considered the possibility of compensation for farmers whose land was lost in expansive cave-ins in the Falher area 250 miles northwest of Edmonton.

There has been no report of damage from the area, said Mr. Casey, and nothing to indicate whether the land was private or government owned.

Thousands of tons of earth sunk as much as 60 feet below the normal level within the last two weeks. The gradual movement that began six years ago was climaxed by the sudden sagging of a four-mile stretch of land in the Falher district.

The biggest fall is on a 14-acre farm field owned by Emil Ray. The entire cultivated field has dropped almost straight down, leaving a 60-foot clay cliff.

Falher is located on a high plateau west of Lesser Slave lake. There has been no mining activity in the area.

Con Lutic Elected President

The Hairy Hill Sub-local, ATA, elected the following executive:

President, Con Lutic; vice-president, L. Vandermeulen; secretary-treasurer, Mrs. H. Grékul; councillor, M. Podeluk; press correspondent, N. Hauca; social committee, G. Kelba, J. Tomashewsky, Mrs. L. Kelba, D. Hunka, Mrs. H. Grékul.

FEAR RIVER BLOCKAGE FROM EARTH MOVEMENT

FALHER.—The gradual movement of tons of earth near town is threatening to bite into farm land and dam the Little Smoky river.

Fissures could be seen at least six years ago but the marked movement began two to three weeks ago at the top of gradually-sloping north bank of the Little Smoky. Earth has fallen almost straight down for depths ranging up to 60 feet over a stretch about four miles long.

No explanation of the movement has been determined but residents of the area believe heavy rains this year, draining underground to the river, may be the cause.

So far the earth movement has been most impressive on the one mile slope to the river. At one point it has started to block the course of the Little Smoky and Jack Merchant, who farms nearby, said the earth appears to have been pushed up from the river bed.

Falls 18 Inches

Allan Merchant, another farmer, says markers shoved into the ground showed the earth fell 18 inches in 12 hours.

The biggest fall is on the 14-acre farm field of Emil Ray, 11 miles south of Falher. The entire cultivated field has dropped almost straight down, leaving a smooth clay cliff about 60 feet high.

The entire strip of subsiding land is gashed with crevices and fissures. Fissures also can be seen

George Whitson In Tractor Accident

MANNVILLE.—George Whitson, 13-year-old son of Mr. and Mrs. Harold Whitson of Mannville was seriously injured on Monday evening, when the tractor he was on overturned, and the steering wheel or gear shift crushed the left side of his head. He has undergone an operation in the local hospital, and is holding his own. But his eye may be seriously injured.

George was on the tractor that was anchored to a winch truck which was pulling a truckload of grain out of the ditch.

Andrew Students Elect Executive

Acting as returning officer, J. W. Huculak released the results of the Students' Union elections, held recently at the Andrew High School.

The executive officers elected are as follows: President, Geraldine Melnyk; vice-president, Russell Danyluk; secretary-treasurer, Olga Danyluk; social director, Bill Mekechuk; program director, Alexandra Romaniuk; safety director, Steve Stratchuk; discipline director, Kate Bidniak; publicity director, Nettie Tanasichuk; editor of the school paper, Eugene Romaniuk; school improvement director, Shirley Zignash; citizenship and patriotism director, Alex Stelmach; Constitution and By-laws director, Corrine Venne; girls' sports director, Patsy Hushlak; boys' sports director, Silver Lupul; and open director, Florence Hennig.

The group is planning to hold a social function in the High School auditorium in about two weeks.

Phyllis Shapka and Lorraine Kawyuk acted as election clerks.

Sales of Canada's retail merchants topped all previous annual records in 1953, aggregating \$12,992,174,000.

developing further from the river, possibly indicating additional land will cave in.

A chunk of grain field owned by Gaston Minko adjoining the Ray land, has dropped away from the rest of the field and fissures are spreading further into the field.

A calf owned by Mr. Ray was lost in one of the numerous crevices and was found accidentally by a dog which fell into the 15-foot-deep hole. The calf was pulled out with a block and tackle.

Falher, located on a high plateau west of Lesser Slave lake, is well drained. There has been no mining activity in the area, which is devoted to mixed farming.

Social Evening For Mrs. McLeod

On Friday evening, Oct. 8, a social evening was held in the United Church Hall, in honor of

Mrs. K. C. MacLeod, a former minister's wife. She and Rev. K. C. MacLeod spent 13 years in the work of the United Churches in Mannville, Minburn and Innisfree. Mrs. MacLeod was renewing acquaintances in these towns and districts for a few days. The guest of honor gave a short talk on life and conditions in the north where she and Rev. MacLeod are working in the United Church at Grimshaw and Berwyn. They like the north and are very happy, having made a host of friends. A large and up to date Manse is being built, which they hope before too long to occupy.

Owing to the lateness of harvest, our country ladies were unable to be present. The guest of honor favored those present, about 22 or 23 in number, with some fine solos. A very pleasant time was spent after which the company sat down to a delicious lunch served by the W.A. of sandwiches and cake, etc.

The last item on the program was "Auld Lang Syne" and "For She's a Jolly Good Fellow."

Manufacture Grain Bins At Falher

Joffre Gervais of Falher has established a new industry here, which is likely to continue to flourish as long as local farmers can continue to grow more grain than the Wheat Board can buy from them.

The Falher-made granaries are manufactured of plywood, are circular in shape and have capacities of 100 to 1600 bushels each. These easily-portable storage bins sell for from \$160 to \$185 each.

Farewell Party For Mrs. Russel

RUMSEY.—A farewell party for Mrs. H. Russel was held at the home of Mrs. T. Pierce on Wednesday. The Birthday Club presented Mrs. Russel with an electric table lamp.

The presentation was made by Mrs. H. Upton. Mrs. T. G. Sandberg presented Mrs. Russel with a cup and saucer on behalf of the Sunday School. Mrs. H. Hogan presented her with a cream and sugar tray from the Home and School Association.

On Saturday evening, the community presented Mr. and Mrs. H. Russel with a purse of money. Mr. and Mrs. Russel will make their home at Fort MacLeod.

Car Burns, Driver Dies

DRUMHELLER.—Robert Lesley Campbell, 61, one-time manager of the Michichi Hotel, was found burned to death in his auto near Gartley, 11 miles north-east of Drumheller. Campbell, alone at the time, was heading west, the car left the road and went over an embankment.

The auto did not turn over. Everything inside the English-made car was burned. The body was removed to Winters Funeral Home in Drumheller, and Coroner Dr. G. H. Whitmore ordered an inquest. A jury viewed the body Monday and adjourned indefinitely. Campbell is survived by his wife and family at Michichi.

From Trucking To Furniture Store

FALHER.—A comparatively new business—one which started here last April—is making headway in popularity among town and district residents.

W. Limoges, who opened a new and second-hand store in the spring, has added refrigeration to his line and plans also on stocking and selling propane gas appliances.

Together with his family, Mr. Limoges moved from Girouxville and have taken up residence at the store, which is just east of the Hotel Adanac. Before going into the retail store Mr. Limoges was a trucker.

Society Sponsors Benefit Campaign

DERWENT.—The executive of the Derwent District Benevolent Society met Friday last to make arrangements for the campaign to be launched after harvest. All canvassers please note and be prepared when the time arrives. The society will, with the kind consent of the editor, use this column for any information for canvassers and donors.

The aim and purpose of the society is well known by now by residents of town and district. Watch this column from time to time for any additional information.

Atmore

Thanksgiving Day week - end brought many blessings to Atmore. The most appreciated was the balmy autumn weather. With the welcoming sunshine many travellers took to the road. Atmore swelled to capacity with the happy wanderers.

Jerry Baldwin visited his father and grandparents in Atmore over the week-end.

Thanksgiving guests at the Wm. Campbell home included Mrs. Campbell's sister and brother-in-law, Mr. and Mrs. L. Verklund and boys.

Mr. and Mrs. Ken Fischer, Edmonton, were guests at the home of Mr. and Mrs. Edeus Bourassa.

Mr. and Mrs. Paulin Sr. of St. Albert, accompanied by Roland and Victor were week-end guests at the O. Paulin home.

Ernie Courtney and Lionel Vincent of Lac la Biche were guests at the R. Vincent home on Thanksgiving Day.

Miss Madeleine Genoud of Edmonton spent the week-end with her mother, Mrs. L. Genoud. She also visited at the J. Bossel home and J. Genoud of Charron.

Mr. and Mrs. Thomas Gardiner, Ronald and Ricky motored from Calgary to spend the Thanksgiving week-end at the V. F. Genoud home.

On Thanksgiving Sunday, the infant daughter of Mr. and Mrs. John Devanty was christened Agnes. Godmother was Mrs. J. Bossel and godfather, Joe Blonsky. A christening supper was served afterwards at the Bossel home to the immediate family and friends.

Ronnie Matheson returned to Rocky Mountain House last Friday.

Mrs. Jean le Rauzie was admitted to St. Catherine's hospital on Thursday.

Father St. Arnaud reports an increase of 13 new baby chin-chillas on the ranch. One female is the proud mother of triplets.

Mrs. Marie Vincent was a recent visitor to Edmonton. She intends to return soon when she will probably accept a position in the postal service.

Mrs. R. Vincent and Daniel, Mrs. C. Gauthier and Monica, Plamondon, accompanied Mr. and Mrs. Albert Le Rouzie and Lionel to Edmonton last Tuesday.

Mr. and Mrs. M. Stanchfield were business visitors to Athabasca last week.

Mrs. Lloyd Dakin spent Thanksgiving with her son David at St. Joseph's hospital, Edmonton.

Mrs. Walter Horsford of Lac la Biche spent last Wednesday at the home of Mrs. Wm. Campbell.

Mrs. V. F. Genoud attended the annual AARN convention last Friday and Saturday at the Macdonald hotel, Edmonton.

Mrs. O. K. Vesterdal of Sceptre, Saskatchewan, arrived Saturday to spend some time with her daughter, Mrs. V. F. Genoud.

In 1953 government transfer payments—money collected by taxation and paid out to the public in the form of family allowances, old age pensions, welfare payments, etc.—at all three levels of government amounted to \$1,962 million.

Grassland

At district court, held in Athabasca October 8 with Judge Greschuk presiding, the following ladies of the Grassland district received their naturalization certificates. Mrs. Yakowchuk, Mrs. Holdis and Mrs. Stepaniuk.

Richard Garnier visited the doctor at Lac la Biche last week and later went to Edmonton for a minor operation. He is now back at work in the harvest field.

Mr. and Mrs. Hrynyk attended the wedding of Mr. Hrynyk's nephew at Waskateneau recently. They were accompanied by Mr. and Mrs. Osadchuk.

Nick Bluda has returned from hospital at Lac la Biche, where he was receiving treatment after accidentally shooting himself through the hand with a .22 rifle.

Nick Skoreyko had an unfortunate accident Wednesday night, when his car overturned in the ditch on the way home from Lac la Biche. The accident occurred

near the mission and was caused by a blow-out. Mr. Skoreyko received cuts to his head. Damage to the car was slight.

Miss Ries, former district nurse, was in town on Tuesday, renewing old acquaintances before returning to duty at Valleyview.

Among visitors for the Thanksgiving holiday were Vince McKenzie, Walter Melnyk, Mr. and Mrs. Leonard Corse, and Miss Alexandra Nakonechny.

Visiting at the Garnier home last week were Leola Schirmacher, Alphonse Garnier and Dan Sorochan.

Other visitors to the district included Miss Rogers, a former teacher at Grassland school, who is now teaching in the city; Keith McKenzie, who is attending university; and Alex Hula.

Mrs. Nykolyn, who is at present visiting at Semeniks, made a business trip to Edmonton on Monday.

Mr. and Mrs. Andrew Greschuk

who are now residing in Edmonton, have returned to the farm parents in Red Deer.

Threshing is now general in the district.

Noral

Mr. and Mrs. Alex Topitch of Edmonton spent the long week-end at the Harold Hansen home.

Cliff Henson left this week for Victoria to visit his mother who is ill.

A large number of friends and relatives gathered at the South Noral church on Saturday for the funeral of Mrs. Annie Waselenchuk.

Miss Dorothy Walter spent the

Last year beef replaced pork as the favourite meat of Canadians.

Per capita they consumed 59 pounds of the former, 57 pounds of the latter.

M.D. OF ATHABASCA, No. 103

Agricultural Service Board, Athabasca

NOTICE—Purebred Sire Area

M.D. 103

Farmers purchasing bulls under the Cattle Improvement Policy of the Alberta Department of Agriculture, can get a discount of 15% on the purchase price plus transportation costs under certain conditions, providing that:

1. The farmer has not already had two bulls under the above Policy.
2. The bull has been inspected and approved by the official bull inspector of the Department.

Application and payments for bulls under the Cattle Improvement Policy are all made through the District Agriculturist's office or the Livestock Branch.

DISTRICT FARMERS HAVING REGISTERED BULLS WHICH THEY EXPECT TO OFFER FOR SALE during the next few months UNDER THE CATTLE IMPROVEMENT POLICY ARE ASKED TO LIST THEM WITH THE AGRICULTURAL SERVICE BOARD NOT LATER THAN FRIDAY, NOVEMBER 5TH.

H. ARMFELT, Field Supervisor,
Agricultural Service Board,
M.D. of Athabasca 103.
